## Honors Choir

Thank you to our Honors Choir: Dora Szucs, Oh Eun Kwon, Yi Jing Zhang, Kendel Quirk, Yi Lin Chen and Gaeten de Lederkerke, and Mrs. Jee Young Choi for their recent trip to Vienna, Austria to perform with 10 other schools from around Europe. Dr. Pearl Shangkuan, a professor of Music at Calvin College in Michigan came to direct these students for four days, and they also had two performances. They practiced very hard, the reward was a great concert!

Congratulations to Ye Bon Jeong (5th grade) who had the highest score in a recent Hungarian violin competition. She won the Golden Award in the Rados Dezso Violin Competition in Budapest!

March 25th  
Daylight Savings Time starts  
March 30th  
Quarter 3 ends

EVENTS AT A GLANCE

HS TESTS & EXAMS

March 23, Friday  
10th grade Biology  
March 26, Monday  
9th grade Algebra 1  
11th grade Chemistry

**A B C**s Of Student Success

**M** is for MONEY.

Children can start learning about money at a young age. Parents can help very young kids understand how money is used by letting them hand money to a cashier. Soon children will be able to make choices about how to spend money as they learn that it is a *limited* resource. Older children can compare prices. (How much can be saved by buying a generic-brand cereal?) Kids also need to learn about saving money. Young kids might use a "piggy bank" while older children will learn about interest by setting up a real bank account.

**FUN FACTS**

Geckos are different from other reptiles in that they can make sounds. They make chirping and croaking sounds.

Did you know that every zebra's stripes are different?

More than 450 types of ladybugs can be found in the United States.

I seek you with all my heart; do not let me stray from your commands.

Psalm 119:10
